Introduction:

Man is carrying on the banned development crossing different stages of civilization through his creative role. As a modest complementary force of development the role of Profit Foundation is quite bright and it has a long-standing experience in the development sector of Bangladesh. The organization is committed to develop the socio-economic condition of the disadvantaged people that constitute the bulk of the community. Accordingly, with this set goal, **PROFIT FOUNDATION** followed different development programs. The issues on which the Profit Foundation has been conducting research/evaluation studies include, macroeconomic management, trade and commerce, alternative approaches to poverty alleviation and human development, food and agriculture, climate change, water resources development/management, irrigation and drainage management, SMEs, population, health & nutrition, education and human capability development, institution building, infrastructure development, women empowerment, action research programmers concerning socio-economic development, public opinions on various socio-economic-political issues. The activities under these thrusts are organized and coordinated under separate centers within **Profit Foundation**. In addition **Profit Foundation** conducts its national, regional, international seminars, workshops, conferences, dialogues on various key development issues through its planning forum and a centre for training and development is being established.

Overview:

The **Profit Foundation** is a non-government, non-profit, non-religious, philanthropic and voluntary development organization. The organization is established by some committed and dedicated professionals in the year 2000. The Profit Foundation has been implementing various development programs since its inception and is dedicated to the Socio-economic development of the economically disadvantaged and vulnerable men, women and children of both rural and urban areas.

Mission:

The main aim of PF is to improve the overall livelihood of the lives of the poorest of the people in the area and to establish equitable justice without exploitation. Creating a favorable environment for the development of all the qualities of real-life education, training, employment, leadership and appropriate production for the male-female in the national-regional development.

Vision:

Accelerate progress through improving equality of men and women, including income-generating programs, in sustainable development of targeted beneficiary living standards. Reducing gender-based violence of male and female accelerating the public through the development of equality of women. To give importance to the representation of male & female in all levels of decision-making process and to create self-employment opportunities for establishing the responsibility and rights of people in the overall development of Bangladesh.

Program Location:

Lalmonirhat districts of Rangpur division as its working area, considering the area as under-served so far development is concerned. Most of the people live under poverty line lack of access to product assets compel the rural poor of the area to live a life in abject poverty. Lack of employment opportunities coupled with resource constraint makes the rural poor to stay within the told of extreme poverty which they cannot make both ends meet. Particularly, the position of wage canner in rural habitation is move depressed. Their employment opportunities are limited and low paid in this backdrop, it may safely be concluded that poverty is the greatest challenge that laces the area.

Conclusion:

Profit Foundation has been working different activities in their program area including women rights, rights to landless people, river erosion people, and indigenous people, marginalized and other deprived segments of the society. Profit Foundation has its own strategic directions and deep-rooted social commitment in achieving its mission and vision. Keeping them in view Profit Foundation planned its activities for the reporting period and tried its best to achieve the target successfully.

However, **Profit Foundation** sometimes had to redesign its programmes for making adjustment with some urgent and need based programmes to meet the local people requirements. To accelerate the process of successful implementation of its programmes Profit Foundation continues to develop the skill of its staff as well through various in-countries. Although the existing organizational set-up and the number of human resources is not huge like other traditional organizations, yet Profit Foundation has been endeavoring to achieve the goal of creating an enabling atmosphere for genuine overall development in Bangladesh for overall socio-economic empowerment of the poor, a just and gender-equitable peaceful society.
